1x - OIL (BBLs) 2x - GAS (MCF) 3xx - CONDENSATE (BBLs) 4xx - PLANTS PRODUCTS (GALS) 7xx - SULFUR

Prices reflected on the owner remittance statements for gas sales are reflective of wellhead, pool, weighted average, percentage proceeds, or residue value. Apache tries to take advantage, where practical, of the common industry practice of aggregating supply. Sales practice traditionally offers enhanced value to both the producer and its royalty owners.

Deductions may include wellhead to valuation point charges if applicable.
